

An oil painting of two brown cows in a field. The cows are the central focus, rendered with thick, textured brushstrokes. They are standing in a green field, with a barn visible in the background. The overall style is impressionistic and painterly.

## You want to know...

Calvin and Andrea are going to reduce the work load at Trails West Dairy. It has been a family operation from day one and will continue on that way just on a smaller scale. The cows selling (I did not say being offered I said selling) are all the younger, saleable individuals. The bred heifers selling are those that have been checked pregnant. There are a nice group of open heifers selling. They were chosen with favorable show ages in mind.

The herd is on a regular monthly herd health program.
