## Introduction

Last month, we listed the Breed Champions of ROP Records milked 3x or 4x during the period of 1912 to 1966 when the ROP program was discontinued. In 1940, Volume 1 of the Production Book was published containing all the records accepted since the ROP program was established in 1911. Also in 1940, breed champions for cows milked twice a day (2x) was established. Listed below are the Breed Champions milked 2x beginning in 1940. In 1966, all Honor Rolls and breed champions were combined regardless of times milked. Breed Champions remain until another cow breaks her record. Protein Champions were added in 1980 and will be presented in a separate list.
