Treat Larry and
Jennifer Meyer.*

TOP 10 LIVING LIFETIME COWS FOR 2023

Living Lifetime means just that, alive and still adding valuable milk to their lifetime credits as of December 31, 2022.

The 10 cows are ranked by Lifetime Energy Corrected Milk (ECM). It's not just the milk either, it's the offspring that come with the added lactations. Let's meet these 2023 moneymakers. Jenlar Dynasty Treat 5E-91 has held the top spot since 2021. She continues to add daily to her lifetime totals by living in the general population of the Meyers free-stall/robot dairy. Of interest, she is the only member of the 2022 list to repeat in 2023.

Sun-Made Vigor is the sire of 3 of the top 10 and he is the grand-sire of 3 more. Top Acres EP Premium appears twice as a maternal grandsire, the only other multiple contributors in the 3-generation pedigrees. Hilltop Acres has 50% of this year's list, the same as last year, but with 5 different cows. Three of the 5 are from the Cutting Edge Prem Dally ET 3E-92 family. The dams of the Top 10 cows are impressive producers as well. Five dams have over 200,000m lbs. with 2 more 100,000m lbs. lifetime. Five dams are scored Excellent with 3 more Very Good. Profitable production with pedigrees to back them up.
