*** Please Note ***

- (1) If the names you have selected are in use or not acceptable, do you authorize a name change? ____ Yes ____ No
- (2) Indicate "AI" if animal was the result of artificial breeding; "Nat" if result of Natural Service; OR if an ET, list Embryo ID Number. Remember all donor dams must be parentage verified by approved testing.
- (3) Off Color Spot - Answer "Yes" or "No." If yes, the letters OCS must be used as a suffix in naming the animal.
 (See other side for rules that apply)

In making this application, I hereby agree to comply with and be bound by the Articles of Incorporation and Bylaws of the Brown Swiss Cattle Breeders' Association and all other rules and regulations of said Association and its Board of Directors. I certify to the accuracy of the above data and to the identity of the cow(s) bred as well as the bull(s) and/or semen used for breeding, and I accept full responsibility for any damages resulting from inaccurate breeding information. In addition, I agree that all records on the animals in my herd, whether maintained by me or others, including production records, may be obtained and used by the Association in its several programs.

Owner of dam at time calf was dropped sign here
 Please verify all information is correct and filled out completely

 (Signature in ink - Individual, Firm or Partnership Name)

By _____
 (Signature - Authorized person of a firm or partnership)

REGISTRY RULES

1. **Who Shall Register** - The owner of the dam at the time the calf was dropped shall register the animal.
2. **Breeder** - The person owning the dam at the time of service is the breeder.
3. **Tattoo** - Every animal must be tattooed before it can be registered.
4. **Breeding Information**
 - A. **Date Bred** - Indicate regardless of whether the female was bred naturally or by A.I. If animal was pasture bred, give the dates the bull had access to the dam.
 - B. **ET Registration** - Indicate embryo ID number and implant date. All Donor Dams must be parentage verified by approved testing.
5. **Registering IE Females**
 - A. Step II - the prefix "IE" must be used preceding all names and is included in the limit of 27 letter spaces. Step II females are registered in the IE Herdbook.
 - B. Step III - the prefix "CIE" must be used preceding all names and is included in the limit of 27 letter spaces. Step III females are registered in the Official Herdbook.
6. **Registering Twins**
 - A. In registering twins or members of other multiple births, the sex of the other individual(s) must be stated on the Application for Registry.
 - B. The words **TWIN, TRI or QUAD** must be used as an integral part of the name as a suffix in the naming of all animals which are members of multiple births.
 - C. Unless Applications for Registry of Twin or other multiple birth animals are sent to the BSCBA office at the same time, the first application must state that the animal is a twin or a member of other multiple birth, in order that subsequent Application for Registry of the other(s) may be honored.
7. **Off Color Spots** - A female having a sharply contrasting color spot or spots above the underside of the belly or above the udder or the floor of the chest, or having a white core in the switch, is considered to have an "Off Color Spot." The characteristic mealy band around the muzzle, the light colored line up the back and light area around the poll and horns shall not be considered an "Off Color Spot." The letters "OCS" must be used as a suffix in naming such an animal.
8. **Signature for Firm or Partnership** - All Firm or Partnership applications should be signed in the name of the firm or the partnership and countersigned by an authorized person.
9. **For more information** concerning naming, prefixes, duties of owner, etc., consult the leaflet entitled "Rules and Regulations Governing Registration and Transfer of Brown Swiss Cattle" available from the national office and on our website: www.brownswissusa.com.
10. Current fee schedule is available from the national office and on our website: www.brownswissusa.com.

Note: When an animal is sold, it is the responsibility of the owner (seller) to transfer and to pay the transfer fee in order that the new owner (buyer) is recorded on the Certificate of Registry and the Association's records.
