

THE 2024 TOP TEN

Living Lifetime Cows IN THE MILLIONS

The total by the Top Ten US Living Lifetime Brown Swiss cows is 3,255,860 pounds of Energy Corrected Milk (ECM) Lifetime production as of December 31, 2024. Every year, the Top 10 ECM Living Lifetime cows are honored. The leader for 2024 is one of three at Hilltop Acres, Calmar, IA. Topping the list is Daphne, a Carter scored V88 from a GP Vigor with 281,853 ECM and 19,117 Combined Fat Protein (CFP). She freshened in March, starting her 7th lactation. This is the same family as the \$21,000 Pocahontas heifer that sold to John & Bonnie Ayers, OH, in the recent Breeder's Touch Sale. The 2nd-place cow is also from Hilltop Acres. She is a 3E94 Payssli. Her Brookings dam, Dora, is 3E90 "SBC" with 299,575 ECM 20,275 CFP, who is from a 2E93 Vigor "SBC" with over 22,018 CFP. Dora is a 3rd-generation "Superior Brood Cow". Switzer Tals Vigor Voleta 5E91 rings the bell at third with 333,817 ECM and 22,845 CFP to-date for the Accola family. Of the 10 cows listed, four are sired by Sun-Made Vigor ET, two are his granddaughters, and one is his great-granddaughter. Nine of the 10 dams have record's that total 1,445,480m lifetime actual and their best records average just shy of 30,000m each. Of the ten cows, eight are bred and owned. Congratulations to those that developed and managed these tremendous producers.
