

# TOP 10 LIVING LIFETIME COWS FOR 2021

Production with components provides added dividends only Brown Swiss can furnish; milk in the tank, money in the bank. These milk matrons can be appreciated by all dairymen. They are reaching these incredible amounts in fewer days. The group averages just 3,563.7 days milking per cow. Four cows are under 3000 days lifetime.

The top cow combines production and pedigree to perfection. Treat has a "Superior Brood Cow" dam and a 3E94/E92ms 276,836m LT Agenda daughter. She also has a 3E93/E93ms 215,140m LT sister by Legacy. Quite a nice package developed by the Meyer Family.

Three bulls each have 2 daughters on the list: Dynasty, Vigor, and Brookings. Dynasty is also the sire of 2 dams. The 10 dams' best records average 30,229m 1,357f 1,035p, with 4 over 201,260m LT.

Between Dennis and Tanner Mashek, 50% of the top 10 make their home at Hilltop Acres. Do the math and you will find a total of 1,323,398 lbs. of lifetime milk to-date or 1,573,852 ECM on the five.
